SUMMARY

I see scope of creativity and put to use my learning when faced with challenges and am prepared to go the distance to accomplish any goal I set. This trait has enabled my selection to attend and be an alumnus of the *Harvard Crossroads Leadership* program with a few selected from around the globe. One of my biggest strengths is my ability to manage several projects at the same time, coupled with strong interpersonal skills, which has empowered my selection for a 2-year MBA full scholarship program with an *Ivy League curriculum*.
